2) People that filled out the registration, but did not create an account (This could be you, if you tried to retrieve your username, and it gave you an error. If so, follow these instructions)

Many people filled out the online registration form, but did not set up an account to allow them to log back in. To create an account,

- a) Click on **Member Login** in the upper right hand corner. A window will open up with "Hayden Synchronized Skating Login".
- b) Click "Click here to join" in the box next to the "New Member"
- c) Input your email address you used when registering the skater
- d) Select either Parent or Skater depending which is appropriate.
- e) Click "submit"

You will receive an email with a link in it. Click on the link (or paste it in a browser). Fill out the information and submit. This has created an account for you to edit the skater's information.

If you have forgotten your username or password, go to the login page by clicking on **login** in the upper right hand corner. Then follow the directions:
